Adam & Eve's Convent School, Moradabad

We Learn, We Lead, We Inspire

We are delighted to welcome you to Adam & Eve's Convent School, Moradabad. A+ Graded School by Central Board of Secondary Education. The prospectus contains information about key aspects of our school and we hope you find it beneficial whether you are an existing Adam & Eve's Convent School's parent, a new parent, looking for the right school for your child or an educator looking for your next career move we hope you find everything you need. If you have any queries about the school, please do not hesitate to contact us.

OUR SCHOOL MOTTO:

We learn, We Lead, We Inspire reflects our believe that all children are earmarked to quality education in a safe and ethical environment. We encourage excellence in academic and moral development adding new dimensions to education like

- ✓ **Competency Based Education**
- ✓ **Life Skills Education**
- ✓ **Values Education**

To ensure resounding success we ignite enthusiasm through student involvement, foster a sense of participation laying the foundation for a brighter prosperous future. We nurture the development of knowledge, understanding, creative skills, boost confidence and enable our children to develop into healthy, happy, successful and caring citizen at local, national and global level. At Adam & Eve's Convent School, we want to develop children's passion for learning and celebrate their unique experience and opportunities empowering the future generations to acquire, demonstrate, articulate and contribute to a global digital world making the children into 21st century skilled learners.

MESSAGE FROM THE MANAGEMENT:

"Acquire knowledge, and learn tranquility and dignity".

Adam & Eve's Convent School endeavor to provide students with an opportunity and environment for multifaceted development where young minds are encouraged to outshine and develop their potential. Our focus lies on the holistic, integrated and enjoyable learning of the child. Making them learn to move into the journey of life. New reforms bring new challenges. With this perspective learning in the preparatory classes consist of flexible, multi-faceted, play-based, activity based, and inquiry-based learning comprising of alphabets, languages, numbers, counting, colors, shapes, indoor and outdoor play, logical thinking, problem-solving, drawing and painting. Our focus lies on developing social capacities, good behavior, ethics, teamwork, cognitive and psycho-motor abilities. The over- arching goal will be to ensure access to high quality education.

We give our best efforts to equip our students with their sources to make the right choices in the world where knowledge expands to its full. Our strong academic thrust, embedded in values, enables our learners to become winners of tomorrow. Besides academic excellence, the school is committed to inculcate among its learners, strong ethical values of integrity, kindness, politeness, respect for the family, peers) or elders, decision makers and socially responsible citizens. Excellent faculty with high academic service credentials, develop leadership skills among our young students. There is a dire need to ensure such system of education with higher order thinking skills and inculcate the development of competencies, think independently and act accordingly. The eminent faculty members share best practices and innovative strategies to enable students who play a crucial role in achieving global goals. The Capacity Building Programme equip our educators with information empowering them to design strategies to improve students core competencies.

MESSAGE FROM THE PRINCIPAL:

"Books give a soul to the universe, wings to the mind, flight to the imagination, and life to everything". Plato

Be the change maker:

Every day brings fresh thoughts and new hopes. With this the school marches ahead with the conviction that man has to tread the space for gaining knowledge and skills as 21st century skilled learners by furthering innovation and sustainable education. Education is a fundamental asset that triggers young minds to explore infinite possibilities of the world of excellence. It is the primary factor that helps an individual to fight all challenges of the global world. We initiate to promote student enrichment activities keeping in view the new trends that demands of the fast growing digital world as new reforms bring new challenges.

At Adam & Eve's Convent School, our intent is to promote a progressive society by imparting education that becomes the first step towards empowering students to make this world a better place to live in. The school focuses on the 5C's in Education that are the essential 21st century skills focusing on Critical Thinking, Creativity, Communication, Collaboration and Character/Citizenship as we endeavor to provide students with the opportunity and environment for multifaceted development where children are encouraged to outshine and develop their potential. This enables these learners to have a positive impact on their mindset as it is a transition towards competency – based assessments and child centric pedagogy. While academic excellence is amongst our primary concerns, we strive to imbue students with appropriate attitudes, democratic, epistemic values, fair play, ethics, empathy, integrity, fortitude, politeness, kindness, perseverance and respect for all.

The need of the hour is to foster a sense of responsibility and belonging, love for nature, independent thinking and grow into integrated personalities.

Let's move ahead with the very mission and vision to join hands in hands to make a progressive society where learners need to achieve success. ~ Dr. Nilofar Jabin

OUR MISSION:

The tiny tots of today will be the leaders of tomorrow as tomorrow lies on their shoulders. The very mission of our school is to provide these tiny tots with the best material and spiritual means to become a successful person in their world and the world to come. May these leaders of tomorrow bring formation and we march forward with the aim of fostering an inclusive culture in the learning environment develop comprehensive and consistent, understanding provide opportunities for students to achieve excellence in learning so as to bring desirable changes in the behavior of the learners.

The Mission is strengthened through the following practices –

- Giving the young learners individualized attention and recognizing their latent talent.
- Emphasizing holistic development as we ensure a healthy balance between academic, co- curricular, and extra-curricular activities.
- Catering to the students' queries, raising the degree of inquisitiveness in them.
- Imbued with creativity, passion, courage, and perseverance, learn to value and respect diversity while upholding his or her own identity.
- Our efforts will always be directed towards identifying their potential and empowering them to be dynamic, successful and responsible global citizens

OBJECTIVE AND ETHOS:

The overall objectives and ethos that we strive to achieve within our school is to create a culture that strengthens faith, promotes personal confidence, values and integrity above all else. Schools of moral excellence, is our primary objective whereby the complete personal development of our students is paramount.

One of the key strengths within our schools lies in their sizes and in the homely atmosphere. Students are able to develop strong friendship with their peers, which continues well into the later stages of their adult life. The sense of community enhanced by our faculty members further nurtures the intellectual, emotional and spiritual welfare of our learners.

Great emphasis rests on providing our students with a healthy, all-round and well-balanced education in a positive environment. Academic success and excellence are seen as a consequence of good character which is what we strive to inculcate in our students.

Motivated by a team of dedicated and professional faculty, the education that we impart aims to produce a generation of mature and accountable youths to meet, the diverse national and global challenges of the present and the future. Empowered learners not only contribute to the development of the country but become active participants in the creation of a just and equitable and vibrant society.

ABOUT US:

The School is an A+ Graded School accredited by Central Board of Secondary Education (C.B.S.E), New Delhi up to plus 2 level and follows the curriculum recommended by CBSE and NCERT, New Delhi. English being the First language, Hindi the second and Urdu/Sanskrit as the third language.

The School starting from class Nursery onwards marches ahead on the lines of public schools creating holistic and well-rounded individuals equipped with the key 21st century skills. The school stands ahead in their continuous learning journey inculcating in them cultural, religious, traditional and secular values making them nation builders and independent thinkers.

The School is imparting co-education from class Nursery up to Senior Secondary level and lays emphasis on imparting spiritual, moral and social education with a firm secular base so that the children may grow up as a man of character and dutiful citizens imbued with a sense of duty, develop selfless service and discipline.

The medium of instruction is strictly English. The school has a highly qualified principal, a pedagogical leader with a great faculty of talented and committed educators. A team full of enthusiasm to impart best quality education with core competencies.

ACADEMIC ACHIEVEMENTS - Striving for more...

As in previous years, the students of our school bestowed us another opportunity to be privileged by their outstanding achievements and success. In the academic session 2024-25 our meritorious student Amreen Elahi (Class XII - Commerce Stream) scored 99.2% in her Board Exams and being the Regional Topper who held our head high. With great pride and profound joy, we can once again boast that the students of Adam & Eve's Convent School have brought laurels in AISSE, AISSCE and other entrance exams like JEE MAIN, NDA and NEET.

CREATING WINNERS FOR THE GLOBAL STAGE:

As we witness change in the way school education is being shaped, we too create Critical and Creative Thinkers who are groomed to seamlessly navigate through and achieve the ever-evolving Global parameters of Education. In the new era of teaching, where the curriculum and pedagogy will be more experiential, interactive and integrated with artificial intelligence, sports, visual and performing arts. We are geared up to enable students and teachers to adopt a comprehensive approach in light of the National Education Policy (NEP) 2020. Our firm belief is that by providing our students with a tradition that perfectly combines technology and by nurturing them, we will be able to gift the society true global citizens of the future. As we welcome new students to our school, it is our privilege to introduce few of our past students whose achievements have made our hearts filled with joy and pride.

CURRICULUM:

As suggested by the New Education Policy 2020, the new education system will follow a 5+3+3+4 education system where the students will spend 5 years in strengthening their foundation, 3 years in the Preparatory stage, 3 years in the Middle stage and rest 4 years in the secondary stage.

The 10+2 structure forms the base of the schooling system; a system with an exam-centric and syllabus-oriented approach. The academic structure will be according to students' age and different levels are as follows:

5 Years of Foundational Stage (Age: 3 to 8 Years)

The foundational stage will be of five years for children aged 3 to 8 and catering to pre-primary sections, class 1 and class 2. Besides, the stage will emphasize flexible, multilevel, play/activity-based learning and the curriculum and pedagogy of Early Childhood Care and Education (ECCE).

3 Years of Preparatory Stage (Age: 8 to 11 Years)

It includes classroom interactions, reading, writing, speaking, physical education, art, etc.

The Preparatory stage will be of three years for children aged 8 to 11, catering to classes 3 to 5; it will focus on activity and play-based pedagogical methods. Also, it will include interactive classroom learning to lay a solid groundwork on varied subjects. In addition, it will focus on reading, writing, speaking, physical education, art, languages, science, and mathematics.

3 Years of Middle Stage (Age: 11 to 14 Years)

The middle stage will be of three years for children aged 11 to 14, catering to classes 6 to 8 and will include an introduction to abstract subjects across different subjects. Furthermore, this stage of school education will incorporate experiential learning in science, mathematics, humanities, social sciences, arts etc.

4 Years of Secondary & Senior Secondary Stage (Age : 14 to 18 Years)

The final stage of the new schooling structure is the secondary stage, which will be covered in two phases: Classes 9 and 10 and 11 and 12. Furthermore, the stage will include multi disciplinary education with a focus on greater critical thinking, flexibility and choice of subjects.

Skill Development in School Education

The New National Policy Education 2020 envisions an educational ecosystem that can prepare our students for the future. NEP 2020 prompts a major takeover of unskilled job by artificial intelligence, machine learning, big data, etc. The policy suggests building multi disciplinary abilities in students through the integration of computer science, mathematics, and data science in education.

On the lines of this futuristic vision, we have already introduced Information Technology as a skill subject to develop digital skill, sets and design thinking abilities in students. The course will equip students with skills to analyze various problems and their trouble shooting. Content of the course has been designed as such to make students capable of independently working on a desktop and be able to develop applications to handle computations of small scale and record keeping.

CAREER COUNSELLING:

Information, Education & Guidance, we who help students overcome stress and guides them about the future career prospects. Apart from that, presentations by renowned career counselors put our students at the cutting edge of innovation and advancement and link them to the ever-expanding networks of learning and growth.

INFRASTRUCTURE:

School buildings, classrooms, playgrounds and libraries are the

most important aspect of infrastructure in school. The class rooms are well-ventilated, well-designed, child-friendly and are well-constructed with an enriched learning environment. Well-equipped labs help to perform lab activities more effectively. Utmost care is given to safeguard the students and top priority lies in round the clock surveillance of the campus which is covered with CCTVs. The Building is powered with 24 hours of solar electric supply.

KIDS ZONE:

Nursery and Prep classes are arranged in a manner to develop experiential learning, innovative practices, promoting joyful learning, conducive learning environment, critical thinking through books, toys, educational aids and smart classes, child centric environment make these learners grow independently.

A beautifully well designed, attractive, safe and hygienic play room is provided to learn for the tiny tots.

LABORATORIES:

There is no better way to learn the various aspects of science than discovering them hands-on. At our school Labs, we encourage to do experiments that are quite challenging, under the supervision of our educators. It helps in understanding the finer points and remembering them better.

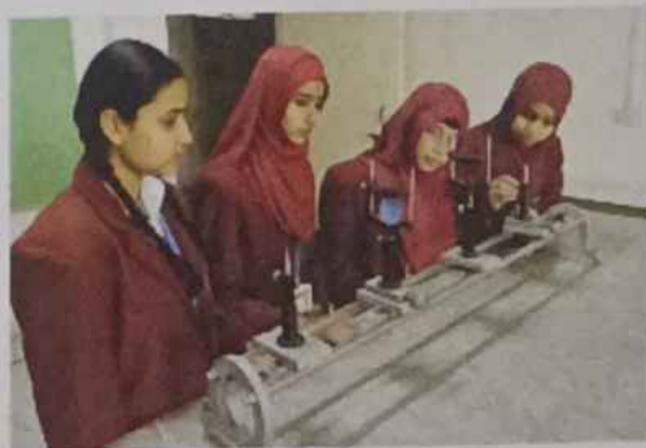

The Labs and hands-on activities help to learn the subject matter and reinforce their understanding of complex scientific topics. Practical's hold a special significance for young learners. They are given special consideration as they are necessary to stimulate scientific attitude, creative mind, critical thinking improve vocational skills. To boost up their interest in the subject the labs are well equipped and well-designed for strong science education. It nurtures their natural curiosity, aesthetic sense and creativity.

Laboratories aim to create opportunities to provide students with hands on experience of laboratory experiments, to bridge the gap between theoretical concepts and their application in everyday life. Students can also learn technological and scientific skills if they participate in various laboratory exercises. The school has well equipped laboratories where practical's are given special consideration as they are necessary to stimulate creativity, curiosity and critical thinking among students.

The school has well equipped observing and experimenting laboratories of Physics, Chemistry, Biology, Mathematics and Computer Science for strong science education.

PHYSICS LABORATORY:

- Develop interest to study physics as a discipline
- Realize and appreciate the interface of physics with other disciplines
- Understand the relationship between nature and matter on scientific basis, develop positive scientific attitude, and appreciate the contribution of physics towards the improvement of quality life and human welfare.
- The learning is holistic integrated enjoyable and engaging and lays emphasis on experimental learning in all stages.

CHEMISTRY LABORATORY:

- The Chemistry lab has two wide doors for unobstructed exits from the laboratory.
- Safe and sieve storage of all equipment's.
- Careful suspension of student while doing practical work.
- Availability of First Aid and basic medical facilities in the school.
- Students are enabled to develop perception of chemistry not only as a discipline of science but let them

realize the need and importance in the world around us.

- The school provides opportunities to students for hands-on learning to observe, experiment and innovate.

BIOLOGY LABORATORY:

- In the study of science, practical's are given special consideration as they are necessary to stimulate creativity, curiosity, engages students to think critically, thus boosting their interest.
- It is equipped with specimens & slides with both plants and animals and relevant charts according to the board's syllabus. All the instruments required for smooth conduct of practical is also available.
- Weekly checking of the laboratory is done by efficient science faculty members.

MATHEMATICS LABORATORY:

We have a well-equipped Mathematics Laboratory that motivates the students and creates an environment to learn mathematics. Mathematics has to be learned by doing and not by rote memorization. Therefore a suitable place for performing activities has been provided to the learners as a child is placed in a problem-solving situation through self-exploration and discovery.

A Mathematics lab provides an opportunity to exhibit the relatedness of mathematics concepts with everyday life. The lab enables the students to verify various identities and formulae used in Algebra, 3-D models of solid figures, abstract mathematical concepts.

COMPUTER SCIENCE LABORATORY:

- We have well-designed two computer laboratories for both the senior and junior wing.
- Computer Literacy has become an integral part of today's education system as it adds-on-knowledge
 - Lab activities develop practical skills
 - Application of IT tools make them techno savvy.

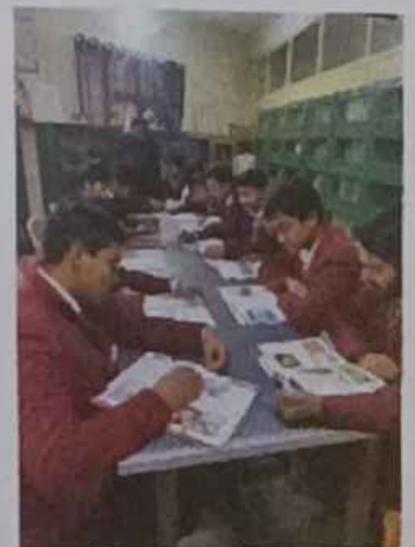

Junior wing - Latest version 40 Computers, CPU for Classes Nursery to V.
Senior wing - Latest version 40 Computers, CPU for Classes VI to XII.

In today's digital era, where technology dominates our lives the school has all the facilities of windows, internet, multimedia for its children which is easily accessed to cater to the needs of the technological era. The computers are connected to centralized data centre. The students are given laboratory facilities for practical's assessments.

- Global Computer Networks.
- Course wise timetables and batches are made available.
- Supervision and monitoring is done by expert laboratory In-charges who are technocrats.
- Competency-based assessments and diagnostic tests are conducted for developmental purpose.

LIBRARY:

Library plays half fundamental role in learning process and holistic development of students. The wide variety of books including fiction and

nonfiction in different languages is a mode of enhancing reading habit among the students and providing them with an effective leisure. 150

The humongous amount of reference books, Encyclopedias and Dictionaries help the keen readers to satisfy their quest and rejoice the process of learning.

The school has well-documented library policy document that covers, Library Rules, Weeding, discarding policy, vast collection of books that brings transparency in library operations.

AUDIO VISUAL ROOM

Interactive learning sessions are held in the audio visual room which is well equipped with a LCD and a large screen, a wide screen television DVD players, CDS on different subjects for different classes. It is a place where the students of all classes experience learning in an effective way. New teaching techniques are used. PowerPoint presentation and slide shows enhance learning.

SCHOOL INFIRMARY:

The School Infirmary is looked after by a qualified nurse. Medical check-ups of students are regularly carried out and a record is maintained. Their physical progress is being watched by qualified doctors from time to time.

SCHOOL SESSION:

The academic session of the school starts from First week of April every year and is divided into two Terms.

SPORTS AND GAMES AND EXTRA CURRICULUM ACTIVITIES:

Sports is not peripheral but integral to studies. We also understand that each child has a unique ability and liking for a particular sport. This is why we encourage each child to find their own niche towards realizing their passion. Ensuring the physical health of our students produces better academic and emotional results with more confident students, who are prepared to face the world. The priority is reflected in the number of trainers and facilities our school has provided.

The school has latest sports facilities of both indoor and outdoor games for all age groups. It has a sports field with grassy track. The sports in school education are not just limited to physical activities as children today choose sports as their career. It has become equally essential as academic values. National Education Policy (NEP) 2020 gives special attention to sports-integrated learning for students to adopt fitness as a lifelong attitude as envisaged in the Fit India Movement.

The School encourages students to participate in games and sports like Basketball, Kho-kho, Volleyball, Handball, Skating, Badminton, Kabaddi, Judo, Races, Chess, Yoga, Rope, Skipping, Table Tennis, Martial Art, Taekwondo, Javelin throw, short put and discus throw etc. It has all the latest facilities with dedicated technical sports staff. In today's world, it is imperative that the students are trained not just in academics, they alone need to be prepared holistically. Our students participated in several Inter-House Competitions, Inter-District Competitions, Inter-school Competitions and outshone others and added fame to our name.

HOUSE SYSTEM:

The School is divided into 4 House, namely Azad, Nehru, Tagore & Iqbal. Each House is under the charge of House Master/ House Mistress and its own House Captain and prefect who are responsible for the tone of discipline in that House co-curricular activities. All the school activities are held on Inter-House basis. The House loyalties are very strong in students. The Chairman's Cock-House Trophy is awarded to the best all round houses, each year. Training in games & sports, music and literature are provided. Hobby club includes activities

like-Knitting & Needle work, Paper-Folding, Cutting and Pasting, Painting, Clay Modeling, Photography, Electronics etc.

Azad House	-	Red
Nehru house	-	Yellow
Tagore House	-	Green
Iqbal House	-	Blue

STUDENTS PARTICIPATIONS:

Social leadership and responsibility are best learnt through active participation. Every child has unique leadership qualities that needs to be nurtured. Therefore, the self-confidence is being developed among the young minds under the guidance and supervision of exceptionally talented educators. The spirit of leadership is developed by assigning responsibilities on the young shoulders through active participation. These enthusiastic learners maintain the school decorum by sharing their assigned tasks.

There are School Captains, School Prefects, House Captains, House Prefects, Transport Monitors and Class Monitors, Health Club Secretary & Eco Club Secretary, Manak Clubs. The selection of the in-charges are done through nomination by the Principal and the concerned House Master/House Mistress.

INVESTITURE CEREMONY:

Imbibing the spirit of leadership this ceremony awards badges to the future leaders, who are then expected to continue the leadership legacy. Every year, the Student Council is formed and given new duties and tasks to carry out, in order to keep the institution's flag flying high.

TRANSPORT FACILITY:

We take ample care in ensuring a safe ride to school and back home for every child. A fleet of yellow bus service with GPS tracking system, CCTV facilities and concerned personnel is provided so that students can travel comfortably in a safe environment.

SYSTEM OF AWARDS:

The School has various awards for students in School, which are as follows:

1. Gold Medal for students securing the highest percentage in the Board.
2. Proficiency prize for academics, sports and other activities given to the best student of the school
3. Gold Medal for the best all-rounder student of each class.
4. Gold Medal for the students securing First Rank in each section.
5. Silver Medal for the students securing Second Rank in each section.

LEGAL JURISDICTIONS:

For all disputes, the legal jurisdictions will be Moradabad courts only.

SCHOOL REPRESENTS AN IMPORTANT LEARNING EXPERIENCE
WHICH TEACHES US SELF-CONFIDENCE, MOTIVATION,
AND THE WILL TO ALWAYS GIVE OUR BEST.
SCHOOL BLESSES US WITH FRIENDS, MANY OF WHOM REMAIN
WITH US FOR THE REST OF OUR LIFE.
BUT MOST OF ALL, SCHOOL PREPARES US FOR
THE LIFE AHEAD BEYOND SCHOOL-LIFE
